

INDEX TO BENCHMARKS, VOLUME 11 (1990)

GENERAL INFORMATION

JANUARY/FEBRUARY

New Mainframe Computer Installed	1
Academic Computing Services Reorganizes	2
Compuserve/Internet Gateway Now Available	2
Academic Computing Services Staff Activities	3
Willis Library Lab Fully Operational	4
Computing Center Staff Honored, Receive Service Awards	4
Saving Files on Academic OS Disks	4
Computing Events Calendar March-December 1990	5
Chain Letters Forbidden on BITNET	6
The BITNET Connection	6
From Poetry to Software	6
LIST of the Month	7
CMSUG-L@UTARLVM1	7
BITNET Virus Alert	8
Benchmarks FORUM	9
Pre-defined macros for WordPerfect	9

MARCH: Computing in the 90's

Academic Computing in the 1990s: A Network of Scholars	1
UNT Gets a New VAX	4
There's a Workstation in Your Future	4
X-Windows, the Graphical User Interface of the 90's	6
The Office of the '90s	7
A Gift of Fire: Social Responsibilities in an Information Age	8
New Staff Members	8
Focus on the Future: An Educational Perspective	9
EQS Available on OS/MVS	10
Get Plugged-in to the Latest Information on LISREL and EQS	10
Preparing Correlation or Covariance Matrices for EQS or LISREL	11
Remote Searching of Louis Harris & Associates Data	12
Report Writer for COBOL II	13
Museum of Interactive Multimedia Opens in Washington DC..	13
Type "1" and Call Me in the Morning	14
The BITNET Connection	14
BITNET in the Nineties	14
LIST of the Month	15
FUTURE-L@BITNIC	15

Benchmarks FORUM	15
BITNET and CSNET Merge	15
Changing CMS Passwords	15
Named ID-Codes	15
It's Always Something	16

APRIL/MAY: The Database Issue

The Database Issue: To Have or Not to Have, That is the Question	1
Varieties of Retrieval Software	2
Staff Activities	4
Issues in Literary Research: Implications of Literary Databases ..	4
VM Upgrade Planned	11
Did you ever call 6006 to find that . . . The Metro Line Sleeps Tonight?	12
Classroom ID Codes Set to Expire	16
Internet Databases	18
The BITNET Connection	18
Files on Demand	18
LIST of the Month	19
PROCOMM-L@ATSUVAX1	19
Benchmarks FORUM	19
VAXcluster	19

JUNE: Computer Security and Social Responsibility

Security, Social Responsibility and the Appearance of this Newsletter	1
Academic Mainframe Operating System Upgrade Report	3
Saving Files on Academic OS Disks	4
Computing Center Staff Activities	5
How Secure is Your User-Id?	5
Detective Story Traces Hacker to Scene of Crime	7
Changing Your Password on Different Systems	7
WAN Security & Viruses	7
The Secret Service, UUCP, and The Legion of Doom	10
More Internet Databases	16
The BITNET Connection	16
Sending Mail Over BITNET	16
LIST of the Month	17
VIRUS-L@LEHIIBM1	17
Benchmarks FORUM	18
Difference between a virus, Trojan Horse and a Worm	18

JULY/AUGUST: The Centennial Issue

A History of Computing at UNT	1
Computing Center Chronology	3
Why is MVS So Slow	5
ARPANET is Gone!	6
The BITNET Connection	6
BITNET History	6
LIST of the Month	7
ROOTS-L@NDSUVM1	7
Report on the Sixth Conference on Computers and Writing	7
Benchmarks Forum	8
Why produce the newsletter?	8

SEPTEMBER: Back to School Issue

Welcome Back!	1
New Directions for the Academic Mainframe System	7
New Academic MVS Job Class and Execution Priority Structure	8
Open-Access Computing Labs	9
Documentation Available in the Computing Center	12
New Version of PCWS UNTCOM Script Available	16
UNT Computing Center Policy and Procedure Highlights	17
Alternative Computing Environments: COBOL on CMS	23
Statistical Software at UNT	24
Machine Readable Data Available at UNT	26
NSFNET Acceptable Use Policy Summary	29
The BITNET Connection	29
You Can't Do That	29
LIST of the Month	30
FRAC-L@GITVM1	30

OCTOBER: Focus on Communications

The Networking of North Texas	1
A Tale of Two Pairs: A Story of Twisted Pair Ethernet in Chilton Hall	5
New SPSS-X	6
System Command Guide: A Handy Cross-Reference	7
Networking: A Bibliography	8
Talk About Student Government	10
BBSs Available on the Internet	11
The BITNET Connection	11
You May Already be a Winner	11
LIST of the Month	12
WRITERS on LISTSERV@NDSUVM1	12
Staff Activities	15
Benchmarks FORUM	15
What is Anonymous FTP?	15
1989 Fall Short Course Schedule	13

NOVEMBER/DECEMBER: Focus on Statistical Packages

Focus on Statistical Packages	1
Changes to SAS Software Offerings	
A Review of SAS Version 6.06 for the VM/CMS System	3
Running SAS 6.06 on CMS	4
Transporting SAS Data Sets From OS SAS Release 5.18 to CMS SAS Release 6.06	8
SAS User's Group Meeting to be in New Orleans in '91	9
Want to Write a Book?	9
SPSS Release 4.0 for OS/MVS: A Review	10
New COMPUSTAT Tapes Arrive	11
Don't Buy Stolen Merchandise!	12
NT Statpak Still Available	12
OS/MVS JCL: The DD Statement	13
Academic HDS Mainframe Now Accessible by Telnet	14
UNT Upgrades WAN Link to T-1	15
MEDNEWS Serchable as an Online Database	15
Improvements to the 565-3300 Dialup Lines Scheduled	15
Recommendations for Data Communication Settings	16
Metro Dial-in Line Changes	16
NETLIB Public Domain Mathematical Software	16
The BITNET Connection	17
Following the Rules	17
LIST of the Month	18
EPID-L@QUCDN	
Benchmarks FORUM	20
Getting contrasts with repeated-measures analysis	20
Call for Papers	21

MICROCOMPUTERS**JANUARY/FEBRUARY**

News From the World of Xerox Ventura Publisher	13
"Aids" Virus Invades PCs	13
Bitstream Fontware and WordPerfect 5.1	15
MICRO-TIPS	15
Technical Support	15
NT WordPerfect Users Support Group	17
Student Editions of Software Available at the University Store	17
FCC Moves to Regulate Modem Usage	18
Laser Printing From Public Access Microcomputer Labs	18
New Years Resolutions You can Keep	18

MARCH: Computing in the 90's

The Shopper's Guide to Computer Jargon	18
MAC Virus Alert	
MICRO-TIPS	21

Change Your DOS Screen Colors	21
Assign Commands to Your DOS Function Keys	22
University of North Texas WordPerfect Users Group	22

APRIL/MAY: The Database Issue

Database Systems on Novell Networks	20
Dialing for Data	22
Changes From dBASE III Plus to dBASE IV for PCs.....	23
MICRO-TIPS	26
Establishing Meaningful Relationships	26
Educational Software BBS Offered by Addison-Wesley	26
Bitstream Fontware Now Available for WordPerfect 5.1	29
Apple Seed	30
Trojan Alert!	30

JUNE: Computer Security and Social Responsibility

Maczilla -vs- the Slime Monsters or Computer Virus Prevention on the Macintosh	22
Macintosh ZUC Virus.....	22
MICRO-TIPS	23
Establishing Meaningful Relationships	23
Safe Computing Thwarts Viruses.....	27
Nasty MAC Trojan Discovered in Canada	28
Protecting Your Computer Hardware & Peripherals from Theft.....	29

JULY/AUGUST: The Centennial Issue

WordPerfect Users Group Report.....	9
MICRO-TIPS	9
News From Micro Maintenance	9

SEPTEMBER: Back to School Issue

Introduction to Microcomputer Support Services.....	31
Discount Purchase of WordPerfect 5.1	32
Student Software Available at the University Store	32
Site License Available for WordPerfect Products	33
Your HP LaserJet IIP May Need a New Power Supply	34
MICRO-TIPS	34
Criteria for Adding Software to Novell Networks in Public Access Micro Labs.....	34
Problems with Turbo Products and Net4	35
ASCII at Your Fingertips.....	35
Benchmarks Forums.....	35
Software Rental Bill.....	35

OCTOBER: Focus on Communications

Connecting Microcomputers to Host Systems at UNT via Telephone	16
MICRO-TIPS	19

Transferring Data Overseas.....	19
Computer Trojans and Viruses in the '90s.....	22
Computer Sales Held Monthly.....	23
Computer Terminology: Real World Terms	23

NOVEMBER/DECEMBER: Focus on Statistical Packages

Converting Foreign Files to SAS PC and SPSS PC Data Sets .	22
PROCOMM Plus Available for Distribution	24
User Groups	25
MICRO-TIPS.....	25
Resetting Your Computer's Clock.....	25

VAX COMPUTER CLUSTER**JANUARY/FEBRUARY**

VMS Upgraded to Version 5.2	19
BEST OF THE BBS.....	19
Uploading from an Apple II to MUSIC	19
New Macintosh Software on BBS.....	20
Package to allow the blind to access the Macintosh.....	20
WordPerfect 5.1, 5.0?	20
Laser Printers, Postscript	22
Mac Plus Phaseout.....	22
Mac virus protection.....	22
VAXCLUSTER USAGE STATISTICS.....	21
New Disk Drives Expected	21
New SYSTAT Command.....	22

MARCH: Computing in the 90s

VAX/VMS Computing in the 1990s	23
BEST OF THE BBS.....	23
Upgrading Your PC-XT	23
MS-Kermit 3.0 Released	24
Procomm Screen Captures	24
Macintosh Interferon obsolete.....	24
VAX CLUSTER USAGE STATISTICS	24
VAX System News	24

APRIL/MAY: The Database Issue

BEST OF THE BBS.....	31
Downloading from the BBS.....	31
Expanded vs Extended Memory	32
VAX CLUSTER USAGE STATISTICS	31
VAX System News	32

JUNE: Computer Security and Social Responsibility

VAX Upgrades	30
BEST OF THE BBS.....	32
PC Pursuit Access in Denton	32

Two Line Headers in WordPerfect 5.0	32
VAX CLUSTER USASGE STATISTICS	32

JULY/AUGUST: The Centennial Issue

New Kermit Installed on the VAX	10
HELP NETWORKS Topic Expanded	10
BEST OF THE BBS	10
Scanners for the Macintosh on Campus	10
386 or 386SX, Which One for Me?	11
VAX CLUSTER USASGE STATISTICS	11

SEPTEMBER: Back to School Issue

VAX CLUSTER USAGE STATISTICS	36
Icon See What You Mean	36

OCTOBER: Focus on Communications

VAX System News	24
BEST OF THE BBS	24
BBS New Direction	24
Kermit for Amiga	24
Prodigy's Latest Denton Phone Number	25
Anonymous FTP into the BBS?	25
The Latest Archive Programs	25
VAX CLUSTER USAGE STATISTICS	25

NOVEMBER/DECEMBER: Focus on Statistical Packages

VAX System News	26
VAX CLUSTER USAGE STATISTICS	26
BEST OF THE BBS	26
Hanging-Up From the BBS	26
Shareware Software on Campus	28

ADMINISTRATIVE COMPUTING**JANUARY/FEBRUARY**

HRMIS Implementation Changes Personnel and Payroll	
Authorization Forms and Procedures, Brings Positive Results ..	23
Guts and Glory Found Here	23
They're Running for Their Lives	23

MARCH: Computing in the 90's

Registrar's Office Employs State of the Art Technology, Improves Efficiency and Security	25
Grooms Recognized as Outstanding Employee	25

NOVEMBER/DECEMBER: Focus on Statistical Packages

Speeding-Up Loan Application Processing at Financial Aid	27
--	----

COMPUTING TECHNICAL SERVICES**JANUARY/FEBRUARY**

Mainframe Performance Statistics	24
Disk Backup Schedules	25
ACADemic (HDS) Program Hit Parade	26

MARCH: Computing in the 90's

Mainframe Performance Statistics	26
Disk Backup Schedules	27
ACADemic (HDS) Program Hit Parade	28

APRIL/MAY: The Database Issue

Mainframe Performance Statistics	33
Disk Backup Schedules	34
ACADemic (HDS) Program Hit Parade	35

JUNE: Computer Security and Social Responsibility

Isolation, Redundancy, Key to Mainframe Security	33
Mainframe Performance Statistics	34
ACADemic (HDS) Program Hit Parade	35
Just for Fun: Literary Criticism Meets COBOL	35
Disk Backup Schedules	36

JULY/AUGUST: The Centennial Issue

Mainframe Performance Statistics	
ACADemic (HDS) Program Hit Parade	13
AppleSEED	13
Disk Backup Schedules	14

SEPTEMBER: Back to School Issue

Mainframe Performance Statistics	38
ACADemic (HDS) Program Hit Parade	39
Disk Backup Schedules	40

OCTOBER: Focus on Communications

Mainframe Performance Statistics	26
ACADemic (HDS) Program Hit Parade	27
Disk Backup Schedules	27

NOVEMBER/DECEMBER: Focus on Statistical Packages

Mainframe Performance Statistics	29
ACADemic (HDS) Program Hit Parade	29
Disk Backup Schedules	30
